SUMMER STAFF INTRODUCTIONS

PARR TEAM:

Matt H: My name is Matt. I grew up in a small city on Lake Michigan. I love sports, music, videogames, and eating junk food. I've been working summer camps for 12 years and when I grow up I'd like to be a comedian.

Sue H: My name is Sue and this will be my 8th Kids SmART summer camp. I love gardening and crafts of every kind. My goal this summer is to provide a fun and safe place for all Kids SmART kids.

Marina B: I started working with kids when I was 15. I was a teacher's aide at neighborhood after school program and also volunteered at summer camps. I have since worked at DPS and Jeffco Schools as a teacher and in before school and after school programs. She has also worked in the classroom 4 Jefferson County Schools. I am dedicated to enriching children's lives with activities that also include math, language and the arts. I am patient and am sometimes called the 'kid Whisperer'.

Adeline: My name is Addie and I have been working with Kid SmART with the ECE kids for a little over two months now and love it so far! I will be graduating from Arvada West High School in May and am off to CU Boulder in the fall. I have been working with children of all ages for around 6 years now and love it! I am super excited for a great Summer camp and being able to interact with the children and watch them grow and learn while having a blast this summer!
